

Antler River Recreation Summer Day Camp Liability Waiver

This form must be read, signed and returned by a parent or guardian of every child who participates in Antler River Recreation.

Elements of Risk: Summer activity programs, such as day camp, contain certain elements of risk. The programmer will attempt to minimize the risk by providing the appropriate level of supervision while the children are under their care. Accidents may, however, occur while participating in these activities, and these accidents may cause injury. The accidents that may result from the nature of this program can occur without any fault on either part of the child or Antler River Recreation and its leaders and employees. By choosing to participate in this program, you as a parent or guardian are assuming the risk of an accident occurring that involves your child. The chances of an accident occurring can be greatly reduced by having your child listen to and carefully follow leader's instructions at all times.

Waiver: I have read the above, and I certify that my child is in good health (physical, mental and emotional) and able to participate in vigorous activities through Antler River Recreation, and I authorize the directors to seek emergency medical attention if it is deemed necessary. This also assures that I release the instructors, facilities and Antler River Recreation from any and all liability from any injury or illness incurred going to and from a program as well as while participating in a program. I give permission for my child to travel on the selected mode of transportation for day camp trips. I agree to hold harmless the directors, facilities and Antler River Recreation and its operators of all liabilities for losses and/or damages of all and every description.
